Raumati Maintenance Update

Painting of the Raumati Church is now underway. The front facing Raumati Road, sides of the church facing Weka Road and the hall entranceway are all being given a fresh coat of paint. Once the painting is completed, we will stain the crosses on the front of the church.

You may have noticed the wooden bars on the front of the mens/disability toilet have also been removed. They were rotten and we removed them prior to painting.

We are replacing a piece of polycarbonate to the framing on the corner of the hall. This was there originally but had been degraded by the sun.

All the gutters on the Raumati building and Thrifty Place have been cleaned out by a property maintenance company and the Fijian congregation cleared out the church gutters. Thank you very much for your help.

Last month, a local roofer came and glued down the flat roof between the hall and church building. Water was leaking in the ramp area up to the hall. The roofer noted, that a lot of the roof had to be glued down.

If you have sat on a chair in the hall recently, you will have noticed they are not looking very clean. Prior efforts to clean them have not made much of a difference. One of our hire groups also got a quote to reupholster the chairs and it was going to cost more than the price of the chairs. The Property and Finance Committee have made the decision to sell all the chairs in the hall and replace with the spare chairs

(currently behind the curtain in the church). We plan to sell them at Thrifty Place and online. One by one we will replace with the chairs from the church oversupply. If you know anyone or any groups looking for a number of chairs, please let me know.

We are just waiting on one final quote to replace the downstairs meeting room with carpet tiles. Carpet tiles will be very suitable for the room as if any are soiled/damaged, they can be replaced one by one.

Thank you to Robin List for his work getting quotes to secure a new Fire Compliance contractor. Wormald will now handle checking all our fire alarms, emergency lighting, fire hoses etc. Thank you to Robin for his many hours of service ensuring we and are our building are all kept safe in a an emergency.

Kate Foley and the Property and Finance Committee
